

# Bevendean Primary School and Nursery

Homework Policy

This policy was adopted in **November 2023**

This Policy is due for review in **November 2024**

## GOVERNORS STATEMENT ON HOMEWORK

The Governors and staff of Bevendean Primary school believe that homework is an important aspect of a child's education. We believe it encourages children to realise that learning can take place outside the classroom as well as promoting independent learning thus encouraging the child to take great responsibility for their personal progress. Homework allows parents, carers and the school, to work in partnership for the benefit of their child.

This policy is based on current government guidelines which emphasise the importance of homework and how it helps children to learn. The guidelines include how much time pupils might reasonably be expected to spend on homework. While most parents do appreciate the value and importance of this homework, a few feel that we do not set enough whilst others feel there is too much! The amount and type of homework we set is at a level which we believe to be reasonable and manageable as well as in line with the guidance provided.

## Aims

Homework is encouraged throughout the school. To be most effective, parents, carers, staff and the children need to understand its purpose.

- It reinforces skills which have been taught in school and gives children the opportunity to practice what they have learnt,
- It encourages self-discipline as the children take responsibility for their learning;
- It promotes independent learning,
- It provides teachers with the opportunity to support and extend individual children,
- It sets standards for life and children become accustomed to working at home, preparing them for secondary school and future employment,
- It encourages children to share their learning with parents and carers,
- It encourages parents and carers to become involved with their children's learning.

We value the support of parents/carers and we believe that this policy will be successful if there is a strong partnership between home and school. We recognise that all children need leisure time and

hope that our policy reflects a balance so children can extend and consolidate their learning with parental support while still allowing 'down time'.

## Reading

For reading homework to be effective, we:

- hope that children read daily and that reading for pleasure is valued at all times and is not just confined to the total time spent completing homework.
- hope that reading includes the fostering of early reading skills, where appropriate developing the skills that children learnt at school.
- want to promote a love of reading in every child and encourage parents and carers to discuss their children's books and ask questions about them to ensure that there is understanding of their book as well as accurate reading.
- encourage parents and carers to read to / with their children at home as regularly as possible
